Hawai‘i Imin International Conference Center

Celebrate the 20th Anniversary of the LLL Graduate Student Conference

Graduate students contribute immensely to the outstanding reputation that the College of Languages, Linguistics & Literature enjoys on local, national, and international levels. Celebrating Voices—past present future recognizes their work and provides a platform upon which to share and celebrate. This theme is also a nod to the impressive and wide-ranging research that takes place within the college, from historical linguistics and literature studies, to applied and pedagogical methods, to language documentation and theory development.

Our conference provides a unique opportunity for students to enrich their academic studies and experiences. The benefits of participating are numerous, and include the chance to add to or start one’s record of publication, as conference proceedings are published after the event.
